

Users

POST

User Token

https://ship.xpressbees.com/api/users/franchise_login

Use this API endpoint to generate authorization token.

Parameters:

Params	Required	Data Type	Description/Example
Email	Yes	string	abc@mail.com
Password	Yes	string	123456789

HEADER

content-type application/json

Body raw

```
{
  "email" : "abc@gmail.com",
  "password" : "12376767"
}
```

Response

Successful

```
{
  "status": true,
  "data":
  "V4cCI6MTY0ODU3MDkwMywiZGF0YSI6eyJ1c2VyX2lkljoiMSIsInBhcmVudF9pZCI6IjYwNDYifX0.YWUCfgKew1FoEszjW97NfcAG2te1L7ZbgYhbt_lmb4hxjd9HUtUAjnBHIDjJjAx4Vx7LCQQ8VienQ"
}
```

Failed

```
{
  "status": false,
  "message": "Invalid email or password"
}
```

```
{
  "status": false,
  "message": "The Password field is required.\n"
}
```

```
{
```

```
{
  "status": false,
  "message": "The Email field must contain a valid email address.\n"
}
```

```
{
  "status": false,
  "message": "You have not authorised to login."
}
```

Couriers

GET Courier List

<https://ship.xpressbees.com/api/franchise/shipments/courier>

Use this API endpoint to Get the list of available couriers for your account.

No parameters are required.

AUTHORIZATION	Bearer Token
Token	<token>

HEADER

content-type	application/json

Response

Successful

```
{
  "status": true,
  "data": [
    {
      "id": "01",
      "name": "B2C Air"
    },
    {
      "id": "02",
      "name": "B2C surface"
    }
  ]
}
```

Shipments

POST Create Shipment

<https://ship.xpressbees.com/api/franchise/shipments>

Use this API endpoint to generate AWB/tracking number for your order.

Note: Order total is not automatically calculated in API request. Be sure to input the correct calculated order_amount.

Parameters:

Params	Required	Description	Example
Id	Yes	string - max length: 20	1234
payment_type	Yes	Valid Values - COD, prepaid	COD
consigner_name	Yes	String - max length: 100	Rishabh
consigner_phone	Yes	10 digit numeric	9090909090
consigner_pincode	Yes	6 digit numeric	122002
consigner_city	Yes	String - max length: 40	Gurugram
consigner_state	Yes	String - max length: 40	Haryana
consigner_address	Yes	String - max length: 200	Sikandarpur metro station
consigner_gst_number	No	15 digit alpha numeric	06DSALI2367U1Z1
consignee_name	Yes	String - max length: 100	Test Consignee
consignee_phone	Yes	10 digit numeric	8989898989
consignee_pincode	Yes	6 digit numeric	110011
consignee_city	Yes	String - max length: 40	New Delhi

consignee_state	Yes	String - max length: 40	Delhi
consignee_address	Yes	String - max length: 200	A1, Saket
consignee_gst_number	No	15 digit alpha numeric	06DSALI2367U1QQ
products[product_name]	Yes	String - max length: 40	Prod123456
products[product_qty]	Yes	No. of product	1
products[product_price]	Yes	Total Order Amount.	1200
products[product_tax_per]	No	Required only if the amount is greater than 49999/-	
products[product_sku]	No	String - max length: 20	SKU001
products[product_hsn]	No	String - max length: 200	3004
invoice[invoice_number]	Yes	String - max length: 40	INB001
invoice[invoice_date]	Yes	Date (YYYY-MM-DD)	2022-03-23
invoice[ebill_number]	No	String - max length: 40	ENB002
invoice[ebill_expiry_date]	No	Date (YYYY-MM-DD)	2022-03-25
weight	Yes	Weight in grams	500
length	Yes	Package length in cm.	12
breadth	Yes	Package breadth in cm.	12
height	Yes	Package height in cm.	12
courier_id	Yes	numeric courier id	5
pickup_location	Yes	String - max length: 20	customer or franchise

		(Pickup location only customer OR franchise)	
shipping_charges	No	Shipping charges applied.	40
cod_charges	No	COD charges applied.	40
discount	No	Discount applied.	40
order_amount	Yes	Total Order Amount.	2500
